SWIMMERS AT WORK

Boat Clubs' Carnival Promises a Big Success

Kopke, Renear, Freeth and Kimo-keo have all started rigid training for the 50-yard championship race that will take place on the night of the 22nd when the Myrtle and Healan Boat Clubs will hold their aquatic sports. This will be the first time that the native lad has ever done any hard work in preparing for a match but he is anxious to even up matters with Renear and is not going to let condition stand in the way.

Freeth did the 50 yards in 27 flat in practice which shows that he is moving through the water in fast shape these days. Kopke is improving his crawl stroke every day and will figure in the finish on the night of the race. The Myrtle boys have all adopted this stroke and are making fast time.

At least fifty swimmers will enter this meet and the public will have a chance to witness some remarkable features. Peter Baron of the Healanian will give an exhibition as the "human cork". It is said that Pete sleeps on the water.

There will be a race open to the "nickel divers" and these world renowned swimmers will have a chance to display their ability.

Boxing and wrestling will be a particular feature. All the prominent Japanese wrestlers have been secured and amongst the rest the island champion will appear.

Sportlets.

Stanford lost the last preliminary baseball game with Santa Clara College 3 to 2.

Pomona College defeated Occidental College 72 to 50 in the recent intercollegiate track meet.

Marvin Hart was given the decision over Pack Johnson, the colored fighter, in a 20-round fight at San Francisco March 28.

Jabez White and Jimmy Britt, lightweight champions of England and America, have signed for their fight in San Francisco April 25.

In the opening games of the Pacific Coast League San Francisco won from Seattle 4 to 0, Tacoma from Oakland 3 to 0 and Portland from Los Angeles 6 to 5.

The California track team will go to Seattle with the crew which will row against the University of Washington.

Baby Shark

The Aquarium is now open at the following

HOURS:
Daily, except Sunday—10 a. m. to 5 p. m.
Saturdays—7 p. m. to 9:30 p. m.
Sundays—1 p. m. to 9:30 p. m.

GETTING IN TRIM

Baseball Teams Are At Work--Some New Players

The baseball season will begin on the 6th of May—just about one month. All the teams are hard at work and men are trying out for positions. Each team has many men to pick from and it looks as though there would be some good ball played here this season.

The Malles are at last out with about 20 good men. Manager Cohen has done good work in bringing out such a bunch of colts and no doubt will have a much faster team than anticipated. John Soper formerly of the Punahou will be in Malles harness this season. John is a hard worker and will no doubt be a strong man for the green and gold.

The Punahou team played a practice game with Oahu College yesterday on the College grounds. The former team won out by the close score of 5 to 4. The school boys have an exceedingly strong team this season and should make a hard race for first place in the interscholastic league.

This league will begin on Monday, the 17th.

Dougherty, a likely looking lad from San Francisco, arrived in town on the transport. He is a ball player and will try for one of the teams. He has had much experience and should earn a place.

"Bill" Hampton, the speedy twirler of the Elks, says he has mastered the spit ball. The local fans will be glad to see the new curve. Capt. Bill has a fast combination of leather chasers this season and the Elks name should appear somewhere near the top of the list when the season ends.

The H. A. C. combination is saying nothing but "Foxy" Pat Gleason and Jim Williams will again be there with a troop that will be hard to down. Barney Joy, the giant pitcher, is rounding into shape and is anxiously awaiting the sound of the gong to show the fans that he is not a dead one.

Golf Tourneys.

There will be a medal play golf tournament at Moanalua tomorrow. There have been many entries and some of the fastest golfers in the country will compete. At Haleiwa the local club will play for the Dr. Wood cup.

Arthur Duffy, the great American sprinter, and world's champion for 100 yards, has turned the tables on the Australian sprinters who have been defeating him, and has begun to win everything in sight.

GEO. FREETH OF THE HEALANI BOAT CLUB.

Any woman can drive the "Winton" the first time she tries. Because it is as simple to run as a sewing machine.

Every thing that could inspire nervousness has been cut out of it. She can start it speeding up to 60 miles an hour with the same foot she might run a sewing machine with.

She simply presses that foot on a spring pedal for Speed.

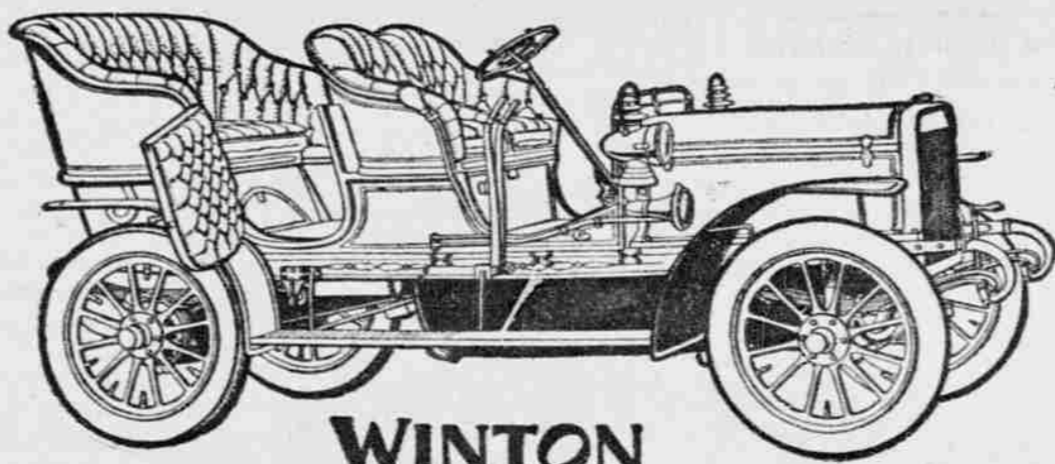

She can slow that Speed down to four miles an hour, by simply lightening her foot pressure, on the same pedal.

Isn't that easy to remember and hard to forget?

The Winton Car is as sensitive to control as a well-trained horse, and ten times as reliable.

Because, the horse might get scared at sight of a Motor-car, but the Winton can't get scared nor get tired.

No car in the world is so simply and reliably controlled. This is one reason why no car is so well adapted to be driven by Women as "The Winton of 1905."

WINTON

Von Hamm-Young Co., Ltd.

ALEXANDER YOUNG BUILDING.

There are seven other reasons why, but Winton positive Air-Control is the best of all.

Let us explain how and why this Winton Control operates so promptly and infallibly.

We will tell you all about it, and detail the other reasons why if you will call or drop us a line saying you are interested.

Note the long graceful lines of the 1905 Winton side entrance car, in picture below.

And, remember that the name "Winton" has never been identified with a "cheap" nor with an unreliable car.

There is Prestige, as well as Safety, Comfort, and Ease of Mind, in owning a "Winton" Automobile.

New

ROLL-TOP DESKS

For Busy Business Men

Business and professional men who believe in system are invited to examine the fine new stock of roll-top desks which has just come to hand.

These are fitted with the most modern conveniences known to business science and are priced lower than any other first-class desks sold in Honolulu.

They are made of beautiful finished quarter-sawn oak and drawers are made so they will never bind or stick.

Simply raising the roll curtain unlocks all drawers; closing the curtain locks the drawers.

* We have a full line of sizes up to 66 inches across the front.

Also a full line of screw and spring office chairs, etc.

SALVATION ARMY, 10:30 a. m., and 6 and 8 p. m.

NOT LONESOME.

Seated on the grass in front of a sod cabin in Oklahoma was a man cleaning a double-barreled shotgun, and after we had conversed for a few minutes I asked him how far it was to the nearest neighbor's.
"A trifle over two miles," he replied.
"As far as that? You must find it rather lonesome here."
"No, I can't say as I do."
"Perhaps you are not one of the lonesome kind."
"No, I'm not. But, you see, I mortgaged this claim for four hundred dollars."
"Yes."
"And I couldn't pay, and they foreclosed on me."
"I see."

"That was two years ago, and the Sheriff has been trying to get possession ever since. He comes twice a week, and we have shot at each other, and at least twice a week some durned fool comes along and wants to know if I ain't lonesome; and when you add the claim jumpers, the rattlesnakes and the skunks, this life is about the excitingest thing I know of. There comes the Sheriff now, and you had better get down behind that log and keep clear of his buckshot."
—Topeka (Kan.) Journal.

The preacher—"I was surprised to see your husband get up and walk out of church while I was preaching." The wife—"Oh, don't think anything of that! You know he's troubled with somnambulism!"—Yonkers Statesman.
